Teacher Assistants

Emaly Tucker  
Pre-K Teacher

Margelet Fields  
Kindergarten Teacher

Pam Cassereino  
Multi-Handicapped Teacher

The term ***“Special Education”*** means specifically designed instruction to meet the unique needs of a child with a disability. ***Welcome*** to the place that focuses on the whole child and emphasizes the abilities, not just the disabilities of students!

The Canton School of Arts and Sciences Special Education Department strives to offer services in the least restrictive environment - that is, to the maximum extent appropriate, providing an education in the same manner as it is provided to every other child, alongside peers in a general education environment.

The Special Education Department works to identify teaching strategies, best practices and interventions to meet the needs of all students. The staff is dedicated and committed to supporting instructional outcomes for all students. The Department welcomes any comments and concerns. Everyone is encouraged to become actively involved in the growth and development of special education programs. Please feel free to contact the Special Education Director, Alice Hunter at (601) 859-2179 for more information or if you have any questions.

***“Purring Toward Multinational Distinction”***
