

Parents and Guardians,

Please be advised that September 7th, 2020 is the deadline to ensure that your children have been enrolled in school. Thereafter, the Canton Public School District must enforce Mississippi's Truancy Law. The Truancy Law includes students' absences as a condition of truancy. The law recognizes the importance of education and places a duty upon parents/guardians to assure that their child is attending school on a regular basis. The Youth Court may order penalties against the parents/guardians who fail to send their child to school.

Please read the law by clicking on the link below:
